

DON'T LEARN THE HARD WAY

Figure 5.1

THERE WILL BE HIDDEN DANGER

It is assured that you will encounter secret traps meant to snuff out your life. These insidious contraptions should be avoided. What may seem like a harmless item – a common toilet, box of ammunition, even a baby carriage – may in fact be a nefarious tool of harm. Once you have identified these pitfalls, take notice. You will often have the chance to use them against the very foes who set them.
